Pre-Survey : DePaul Data Science Summer Academy

We are looking forward to meeting you next week! Since we are data scientists, we like to collect data and analyze it! We therefore want to ask you a few questions before we start. We will then ask you the same questions (plus a few more) on the last day to see if there were any changes. This is not a test so answer what is true for you right now - don't tell us what you think we want to hear. There is no wrong answer!
