DATA SCIENCE SUMMER PROGRAM
## for High School Students

June 25th -29th, 2018

Deadline for applications: May 25th, 2018

Time: 9:30am - 3:30pm
DePaul University, Loop Campus

WHO SHOULD APPLY?

Interest in data analysis and computing is encouraged. Students should have completed the Exploring Computer Science course or equivalent, and have taken a course in geometry and/or algebra.

Open to students from Chicago Public Schools who are in 10th grade at time of application. Tuition is free and admitted students will receive a stipend of $500.

Students from groups underrepresented in data science, including African American, Hispanic/Latino/Latina students, are encouraged to apply.

The program introduces high school students to the fast-growing field of data science.

Students will engage in hands-on activities, using computer applications to build visualizations to analyze and extract information from data.

Projects will be drawn from real-life applications around topics that are of interests to the students.
